Many years ago, little Cinderella lived in a house with her sisters. Poor little Cinderella never had fun, she had no social life. She was always washing, always cleaning and always cooking. One day, Cinderella's sisters received a post card from Seoul. In the post card, it was written that the prince was going to have a big party with lots of food, lots of beer and music like 'She Aint Got No YoYo.' Cindy's sisters were very excited and forced Cinderella to help them get their clothes ready.

The sisters went to the market, get fabric and new combat boots and bring them back home. ~~an~~ Cinderella tailors the fabric and polishes the boots. When the night of the party finally arrives, the sisters say their goodbyes and leave Cindy by the fire.

Then, with a bang, appears the fairy Godmother. She says, "Don't worry Cinderella, I'll give you the best ^{beautiful} outfit for ~~you~~ and you will go ~~to~~ to handsome prince's party. ~~Good~~mother tells Cinderella to get a mouse and a mouse trap. ~~Good~~mother waves her wand and the mouse trap and the mouse become a beautiful ~~carriage~~ carriage.

She waves ^{her} wand once more and old rubber shoes turn into polished Corcoran jump boots. "Look" says Cindy. "They are the best."

"One more thing my daughter," says fairy Godmother. "Get back by midnight. I need to get these clothes back to the QM warehouse."

"Okay," says Cindy, very happy, and rushes off to Seoul to the home of the handsome prince. Cindy was a big hit at the baen dance. All of the other girls were jealous of Cindy. The handsome prince was completely taken with her and brought beer and spam sandwiches for Cindy and danced to 'I Got No %%' with her eight times. Suddenly the clock begins to strike midnight. Cindy has very little time and can only say goodbye to the handsome prince before going to the ~~carriage~~ carriage to go home. She hurries home but loses the Corcoran jump boot on the way. She has no time to stop and take it and the handsome prince takes the shoe.

The next day, it was announced that the handsome prince was looking for the woman whose foot would fit the Corcoran jump boot so that he could take her away with him so could marry her and make her the queen

of Korea.

The prince tried hard to find the foot that fit the boot but none of them fit. Finally, he reached Cinderella's house.

The sisters were very excited, sitting and giggling on the straw mat as the prince let them try the shoe. When ~~it was their turn~~ they too were proven to be unsuccessful, the prince said, "I won't give up. Who is the ~~young~~ ^{young} woman who cleans the house?" The sisters laugh. "Ugly Cinderella", they say. "Impossible."
"There's nothing to be" says the prince, "Come quickly ugly woman."

Cindy goes. She knows she's going to come ~~on~~ out on top of this deal, all this while knowing that the boot would fit her. The boot slides on her little foot with the best fit.

"Kid, you ~~have done~~ have done well." he says.

"Come with me to my home and be my queen."

"Bye old bags", Cindy says to her sisters and goes to the palace with the handsome prince and they lived happily ever after.
